

ABA:67978773

CA1

This is a fluorescence microscopy image of a brain section. The image shows a coronal slice of the brain with various structures visible. The ABA staining is localized to specific regions, appearing as bright yellow and green spots against a dark blue background. The staining is most prominent in the left hemisphere of the image. The right hemisphere is mostly dark blue, indicating low or no ABA staining. The image is divided into four quadrants by a vertical and a horizontal white line. The text 'ABA:67978773' is in the top left corner, and 'CA1' is in the bottom left corner.
