

ABA: 68080693

OB anterior

The image shows an anterior view of a brain with two blue highlighted regions. The brain is centered on a black background. A horizontal white line and a vertical white line intersect at the center of the brain. The two blue regions are located on either side of the vertical line, roughly in the middle of the horizontal line. They are roughly oval-shaped and have a slightly irregular, pixelated edge. The text 'ABA: 68080693' is in the top left corner, and 'OB anterior' is in the bottom left corner.
