

ABA: 68157409

Tg

The image displays a 2D heatmap of a brain-like structure, likely a butterfly brain, rendered in blue against a black background. The structure is roughly hexagonal with irregular, jagged edges. A prominent, bright, multi-colored spot (yellow, green, and blue) is located at the top center of the structure. A white crosshair is overlaid on the image, with the vertical line passing through the bright spot and the horizontal line intersecting it. The text 'ABA: 68157409' is in the top left, and 'Tg' is in the bottom left.
