

ABA: 68191450

Pn

The image displays a coronal cross-section of a brain, with the left hemisphere on the left and the right hemisphere on the right. A vertical line separates the two hemispheres. A horizontal line is positioned below the brain. The brain tissue is shown in a dark blue color. In the lower-left quadrant of the left hemisphere, there is a small, bright blue spot, indicating a specific area of interest or activation. The text 'ABA: 68191450' is located in the top-left corner, and 'Pn' is in the bottom-left corner.
