Arc

A false-color astronomical image of a galaxy, likely a barred spiral galaxy. The central region is bright, showing a yellow and orange core, possibly indicating a dense concentration of stars or an active nucleus. The surrounding regions are predominantly blue and purple, suggesting different wavelengths or chemical compositions. A white crosshair is overlaid on the image, with the vertical line passing through the center and the horizontal line intersecting it near the bottom. The text "ABA: 68300974" is in the top left, and "Arc" is in the bottom left.
