

ABA:68301162

OB anterior

A fluorescence microscopy image of a brain section. The image is mostly black, with two distinct, bright blue fluorescent spots located in the center. A white crosshair is overlaid on the image, with a vertical line passing through the center of the spots and a horizontal line passing through the middle of the spots. The spots are roughly circular and have a slightly irregular, textured appearance. The text 'ABA:68301162' is in the top left corner, and 'OB anterior' is in the bottom left corner.
