The image displays a cross-sectional view of a brain, likely from a PET or SPECT scan. The brain's structure is visible as a dark, irregular shape against a black background. The internal regions are colored in shades of blue, with some areas showing higher intensity in cyan and yellow, particularly in the lower-left and central regions. A white vertical line and a white horizontal line intersect at the center of the brain image. In the top-left corner, the text 'ABA: 68301939' is displayed in white. In the bottom-left corner, the text 'SC' is displayed in white.
