

ABA: 68341710

A anterior

A brain scan image, likely a PET or SPECT scan, showing a cross-section of the brain. The image is predominantly black, with a blue highlighted region in the anterior (front) area. The blue region is irregularly shaped and appears to be located in the lower central part of the brain, possibly involving the brainstem or a deep white matter structure. The text "ABA: 68341710" is visible in the top left corner, and "A anterior" is visible in the bottom left corner.
