

ABA: 68441616

SCN

A coronal brain section image, likely from a rodent, showing a blue-stained area. A vertical line and a horizontal line intersect at the center, dividing the image into four quadrants. The text 'ABA: 68441616' is located in the top left corner, and 'SCN' is in the bottom left corner. The blue staining is concentrated in the upper half of the image, with a small, bright yellow-green spot near the top center.
