Cb lobe

The image displays a coronal cross-section of a brain. A specific region, identified as the cerebellar lobe (Cb lobe), is highlighted in a vibrant blue color. This highlighted area is roughly U-shaped, with the 'U' opening towards the bottom of the image. The blue region is set against a dark background, which represents the rest of the brain tissue. A white grid is superimposed on the entire image, consisting of a horizontal line and two vertical lines that intersect at the center of the blue region. In the top-left corner, the text 'ABA: 68443184' is written in white. In the bottom-left corner, the text 'Cb lobe' is also written in white.
