VMH

The image shows a coronal section of a rodent brain. A large, irregularly shaped region in the medial prefrontal cortex is highlighted in a solid blue color. This region is located in the upper-middle part of the brain, symmetrically on both sides of the midline. A vertical white line runs through the center of the brain, and a horizontal white line runs across the middle. The label 'ABA: 68498534' is in the top left, and 'VMH' is in the bottom left.
