

ABA: 68499267

CA1

This is a fluorescence microscopy image of a brain section. The image is divided into four quadrants by a vertical and a horizontal white line. The left half of the image shows a complex, irregular pattern of blue and cyan fluorescence, indicating the presence of a specific marker. The right half is mostly dark blue, suggesting a lower concentration of the marker. In the bottom-left corner, there is a small, bright yellow-green spot. The text 'ABA: 68499267' is in the top-left corner, and 'CA1' is in the bottom-left corner.
