

ABA: 68798334

SCN

This image shows a coronal section of a brain, likely from a rodent, with a focus on the suprachiasmatic nucleus (SCN). The image is divided into four quadrants by a vertical and a horizontal white line. The left half of the image shows a bright blue fluorescent signal, indicating the presence of ABA (68798334). The right half is dark, suggesting no signal or a control. The label 'ABA: 68798334' is in the top left, and 'SCN' is in the bottom left.
