OB anterior

A fluorescence microscopy image of a brain section. The image is divided into four quadrants by a vertical and a horizontal white line. The top-left quadrant contains the text 'ABA:68798543'. The bottom-left quadrant contains the text 'OB anterior'. The central region shows two distinct clusters of signal. The cluster on the left is more intense, with a bright yellow-green core surrounded by a blue halo. The cluster on the right is less intense, appearing as a solid blue mass. The background is black.
