Arc

The image displays a cross-sectional view of a brain, likely from a PET or SPECT scan, showing functional activity. The brain is represented by a blue, textured shape against a black background. A prominent, bright, multi-colored spot (yellow, orange, and red) is located in the center of the brain, indicating a region of high metabolic or functional activity. The image is divided into four quadrants by a vertical and a horizontal white line. The text 'ABA:68799095' is visible in the top left corner, and 'Arc' is visible in the bottom left corner.
