

ABA: 69133761

M

This is a false-color astronomical image of a galaxy, possibly a barred spiral galaxy, rendered in shades of blue and cyan against a black background. A white crosshair is centered on the image, dividing it into four quadrants. The galaxy's structure is somewhat irregular, with a brighter, more concentrated region near the center. The text 'ABA: 69133761' is located in the top-left corner, and the letter 'M' is in the bottom-left corner.
