

ABA: 69169540

VMH

This is a fluorescence microscopy image of a brain section. The image is divided into four quadrants by a vertical and a horizontal white line. The left half of the image shows a brain section with a blue fluorescent signal. A bright, cyan-colored spot is visible in the lower-left quadrant, near the intersection of the white lines. The right half of the image is mostly black, indicating a lack of signal. The text 'ABA: 69169540' is in the top-left corner, and 'VMH' is in the bottom-left corner.
