

ABA:69201636

OB anterior

This image is a fluorescence micrograph of a brain section. It features two distinct, bright blue fluorescent regions, likely representing specific cellular or tissue components. The image is overlaid with a white crosshair, consisting of a vertical and a horizontal line that intersect at the center. The text 'ABA:69201636' is located in the top left corner, and 'OB anterior' is in the bottom left corner.
