

ABA: 69352762

Cb lobe

The image displays a brain scan, likely an axial slice, with a specific region highlighted in blue. This blue region is located in the posterior part of the brain, consistent with the cerebellum. The blue area has an irregular shape with some internal variations in intensity, appearing as lighter blue spots. A white grid is superimposed on the image, with a vertical line passing through the center of the brain and a horizontal line intersecting it. The text 'ABA: 69352762' is positioned in the upper left corner, and 'Cb lobe' is in the lower left corner.
