VMH

The image shows a coronal section of a brain. A large, irregularly shaped region in the center is highlighted in a solid blue color. This region is roughly symmetrical about the midline but has some internal asymmetry. The surrounding brain tissue is shown in grayscale. A vertical white line runs through the center of the brain, and a horizontal white line runs across the middle, intersecting at the center of the blue region. The text 'ABA: 69527908' is in the top left, and 'VMH' is in the bottom left.
