VMH

A fluorescence microscopy image of a brain section, showing the VMH (ventral medial hypothalamus) region. The image is split vertically into two halves by a white line. The left half shows a blue-stained brain section with a prominent bright spot at the bottom center. The right half shows a blue-stained brain section with a prominent bright spot at the top center. The text 'ABA : 69528094' is in the top left and 'VMH' is in the bottom left.
