

ABA: 69549647

VMH

A coronal brain slice showing a blue highlighted region in the left hemisphere. The image is divided into four quadrants by a vertical and a horizontal white line. The text "ABA: 69549647" is in the top-left quadrant, and "VMH" is in the bottom-left quadrant. The blue region is located in the lower-left quadrant, extending from the bottom-left towards the center.
