

ABA: 69671863

ME

This is a PET scan image of a brain, likely a coronal section. The image shows a focal area of increased activity (yellow/red) in the left hemisphere, which is the right side of the image. The rest of the brain shows low-level activity (blue). A vertical line is drawn through the center of the brain, and a horizontal line is drawn across the bottom. The text 'ABA: 69671863' is in the top left corner, and 'ME' is in the bottom left corner.
