

ABA: 69672814

VA/VL

A coronal brain scan image, likely an MRI, showing a cross-section of the brain. The image is predominantly black, with a large, irregularly shaped blue region in the left hemisphere (viewer's right). This blue region appears to be a segmented volume or a specific anatomical structure. A white crosshair is overlaid on the image, with a vertical line and a horizontal line intersecting at the center. The text 'ABA: 69672814' is located in the top left corner, and 'VA/VL' is in the bottom left corner.
