

ABA: 69734524

SCN

The image displays a coronal cross-section of a brain, rendered in a solid blue color. The brain is symmetrical and positioned centrally within the frame. A thin white vertical line and a thin white horizontal line intersect at the center of the brain, likely representing the midline and a reference plane. The background is solid black. In the top-left corner, the alphanumeric string 'ABA: 69734524' is displayed in white. In the bottom-left corner, the letters 'SCN' are displayed in white.
