

ABA:69782001

CA1

A brain scan image, likely a PET or SPECT scan, showing a cross-section of a brain. The image is predominantly black, with a large, irregularly shaped blue region on the left side, indicating areas of increased metabolic activity or blood flow. This region is labeled 'CA1' in the bottom left corner. The top left corner contains the text 'ABA:69782001'. A white grid is overlaid on the image, consisting of a horizontal line and two vertical lines that intersect at the center of the brain.
