SCN

The image displays a 2x2 grid of brain scans. The top-left scan shows a complex, multi-colored pattern of activity, with a prominent bright yellow and red region in the upper-left quadrant. The top-right scan shows a solid, uniform blue color. The bottom-left scan shows a solid, uniform blue color. The bottom-right scan shows a solid, uniform blue color. The grid is divided by a vertical line and a horizontal line.
