

ABA: 69816559

Cb lobe

The image displays a brain scan, likely a PET or SPECT scan, showing a cross-section of the brain. The scan is overlaid with a white grid. The central region of the brain is predominantly blue, indicating low activity. On the left side of the image, there are two distinct areas of high activity, represented by yellow and red colors, indicating increased metabolic or functional activity. The text 'ABA: 69816559' is visible in the top left corner, and 'Cb lobe' is visible in the bottom left corner.
