

ABA:70230801

CA1

This is a fluorescence microscopy image of a brain section. The image is divided into four quadrants by a white crosshair. The left half of the image shows a bright, irregularly shaped region of fluorescence, primarily in shades of blue and cyan, with some yellow-green highlights. This region is labeled 'CA1' in the bottom-left corner. The right half of the image is mostly dark, with a faint, diffuse blue glow. The top-left corner of the image contains the text 'ABA:70230801'.
