

ABA:70300288

VMH

A coronal section of a brain, likely from a rodent, showing a blue-stained region in the medial prefrontal cortex. The brain is centered on a vertical white line, with a horizontal white line intersecting it. The blue region is roughly oval-shaped and covers a significant portion of the medial prefrontal cortex, extending laterally from the midline. The label 'ABA:70300288' is in the top left, and 'VMH' is in the bottom left.
