

ABA:70300780

SCN

This fluorescence microscopy image displays a coronal section of a brain. The image is divided into four quadrants by a vertical and a horizontal white line. The top-left quadrant shows a bright, irregularly shaped blue fluorescent region, which is labeled 'ABA:70300780' in the top-left corner. The bottom-left quadrant is labeled 'SCN' in the bottom-left corner. The right half of the image, including the top-right and bottom-right quadrants, shows a large, solid, dark blue fluorescent region. The overall background is black.
