

ABA: 70302117

CA2/CA3

A fluorescence microscopy image of a brain section, likely from a rat, showing the CA2/CA3 regions. The image is a grayscale representation of a fluorescence signal, with a dark background and bright, localized spots of signal. The signal is most prominent in the central and lower-left areas of the brain section. The image is overlaid with a white grid consisting of two vertical and two horizontal lines, dividing the image into a 3x3 grid of nine squares. The text 'ABA: 70302117' is located in the top-left corner, and 'CA2/CA3' is located in the bottom-left corner.
