

ABA:70431265

DM

The image displays a brain scan, likely an fMRI or PET scan, showing two hemispheres. The left hemisphere (viewer's left) is characterized by a complex pattern of activity, with a color scale ranging from blue (low activity) to yellow (high activity). The right hemisphere (viewer's right) is predominantly blue, indicating low activity. A vertical white line separates the two hemispheres, and a horizontal white line crosses the middle. The text 'ABA:70431265' is at the top left and 'DM' is at the bottom left.
