VMH

This is a fluorescence microscopy image of a brain section. The image is divided into two main regions by a vertical white line. The left region shows a complex, multi-colored pattern of fluorescence, with a prominent yellow-green area in the center and blue areas surrounding it. The right region is a solid, uniform blue. A horizontal white line crosses the image, intersecting the vertical line. The text 'ABA:70526031' is in the top left, and 'VMH' is in the bottom left.
