

ABA:70546305

VMH

The image displays a coronal section of a brain, likely from a rodent, with a blue fluorescent signal. The signal is concentrated in the ventral medial hypothalamus (VMH) region, which is highlighted by a blue overlay. The brain is divided into two hemispheres by a vertical line, and a horizontal line indicates the level of the section. The text 'ABA:70546305' is visible in the top left corner, and 'VMH' is visible in the bottom left corner.
