The image is a brain scan, likely an axial slice, showing a cross-section of the brain. The brain tissue is represented by a blue, textured area. A prominent vertical structure, possibly the brainstem or a large vessel, runs through the center. A small, bright, multi-colored spot (yellow, green, and blue) is visible near the top of this central structure. The image is overlaid with a white grid consisting of a horizontal line and two vertical lines. The text 'ABA:70598374' is in the top left, and 'VA/VL' is in the bottom left.
