

ABA: 71022633

VMH

This is a fluorescence microscopy image of a brain section. The image is divided into two main regions by a vertical white line. The left region shows a complex pattern of blue and yellow fluorescence, indicating the presence of a specific marker. The right region is mostly dark blue, suggesting a different level of fluorescence or a different tissue type. The text 'ABA: 71022633' is in the top left, and 'VMH' is in the bottom left.
