

ABA: 71234634

SCN

The image displays a coronal cross-section of a human brain. The left hemisphere (viewer's left) features a prominent blue-colored region, likely representing an area of activation or a specific anatomical structure. The right hemisphere (viewer's right) appears mostly in grayscale. A vertical white line bisects the brain, and a horizontal white line is positioned below the brain's base. The text 'ABA: 71234634' is located in the top left corner, and 'SCN' is in the bottom left corner.
