

ABA: 71307256

SC

A coronal brain scan image, likely a PET or SPECT scan, showing a cross-section of the brain. The image is predominantly black, with a blue highlighted region in the upper left quadrant. A vertical white line and a horizontal white line intersect at the center of the brain, dividing it into four quadrants. The blue region is located in the upper left quadrant, near the top of the brain. The text "ABA: 71307256" is in the top left corner, and "SC" is in the bottom left corner.
