CA1

This is a fluorescence microscopy image of a brain section. The image is divided into four quadrants by a vertical and a horizontal white line. The left half of the image shows a complex pattern of blue and cyan fluorescence, representing the CA1 region. The right half is mostly dark blue, indicating a different tissue or a control region. The text 'ABA: 71380483' is in the top left, and 'CA1' is in the bottom left.
