IC

This is a brain scan image, likely a PET or SPECT scan, showing a cross-section of the brain. The image is predominantly blue, indicating low activity. A white crosshair is overlaid on the image. On the left side of the image, there is a localized area of high activity, represented by yellow and red colors, which is likely the focus of the study. The text 'ABA: 71381058' is in the top left corner, and 'IC' is in the bottom left corner.
