

ABA:71717079

Arc

This image is a coronal brain scan, likely a PET or SPECT scan, showing a localized area of high metabolic activity. The brain is represented by a blue silhouette against a black background. A vertical white line runs through the center of the brain, and a horizontal white line runs across the middle. A small, bright, yellow-orange area is visible at the bottom center, indicating a region of high metabolic activity. The text 'ABA:71717079' is in the top left corner, and 'Arc' is in the bottom left corner.
