

ABA: 71764631

VMH

This fluorescence microscopy image displays a coronal section of a brain. The image is divided into four quadrants by a vertical and a horizontal white line. The top-left quadrant shows a cluster of bright yellow and green spots, indicating high fluorescence intensity. The top-right quadrant is mostly dark blue, with a few small, isolated bright spots. The bottom-left and bottom-right quadrants are also dark blue, with minimal fluorescence. The label 'ABA: 71764631' is in the top-left corner, and 'VMH' is in the bottom-left corner.
