

ABA:71832844

MD

A fluorescence microscopy image of a cell, likely a neuron, showing a bright spot in the nucleus. The image is divided into four quadrants by a vertical and a horizontal white line. The bright spot is located in the upper-left quadrant, near the center of the cell. The rest of the cell is dimly lit with a blueish glow. The text 'ABA:71832844' is in the top-left corner and 'MD' is in the bottom-left corner.
