The image displays a 2x2 grid of brain scan slices. The top-left slice shows a blue highlighted region in the left hemisphere, which is more irregular and fragmented. The top-right slice shows a similar but more solid and continuous blue highlighted region in the left hemisphere. The bottom-left slice is mostly black, indicating no significant activation. The bottom-right slice is also mostly black. A white crosshair is centered on the grid, dividing it into four quadrants. The text 'ABA: 71991923' is in the top-left corner, and 'Pn' is in the bottom-left corner.
