

ABA: 72182944

VMH

This is a fluorescence microscopy image of a brain section. The image is divided into four quadrants by a vertical and a horizontal white line. The left half of the image shows a complex, branching pattern of bright blue fluorescence, which is identified by the label 'VMH' in the bottom-left corner. The right half of the image is a solid, uniform blue area. The text 'ABA: 72182944' is located in the top-left corner.
