

ABA:72340125

Hb

This figure displays a heatmap of a brain slice, likely from a rat, showing the distribution of a substance labeled ABA:72340125 and hemoglobin (Hb). The image is centered on a crosshair. The ABA:72340125 distribution is shown as a bright, elongated, horizontal band across the center of the brain slice, with a peak intensity indicated by a small orange/red spot. The Hb distribution is shown as a bright, elongated, horizontal band across the center of the brain slice, with a peak intensity indicated by a small orange/red spot. The background is dark blue, indicating low intensity. The text 'ABA:72340125' is in the top left, and 'Hb' is in the bottom left.
