

ABA: 73513326

A posterior

The image displays a brain scan, likely an MRI, with a blue highlighted region. The brain is shown in a posterior view, with the occipital lobe at the top and the frontal lobe at the bottom. A vertical line runs down the center of the brain, and a horizontal line runs across the middle. The blue region is located in the lower-left quadrant of the brain, corresponding to the posterior part of the frontal lobe or the anterior part of the parietal lobe. The text "ABA: 73513326" is in the top left corner, and "A posterior" is in the bottom left corner.
