SCN

The image displays a coronal cross-section of a brain, likely from a rodent, with two prominent blue-colored hemispheres. The brain is centered against a black background. A vertical white line bisects the image, separating the two hemispheres. A horizontal white line runs across the lower portion of the brain structures. In the top-left corner, the alphanumeric string 'ABA: 73514695' is printed in white. In the bottom-left corner, the letters 'SCN' are printed in white.
