

ABA: 74047400

Arc

A brain scan image, likely a PET or SPECT scan, showing a coronal cross-section of a brain. The image is predominantly blue, with a central vertical line and a horizontal line intersecting at the center. The text "ABA: 74047400" is in the top left, and "Arc" is in the bottom left. The scan shows a symmetrical pattern of activity, with a bright, elongated structure in the center, possibly representing the brainstem or a specific region of interest. The overall appearance is that of a medical scan used for diagnostic or research purposes.
